APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application  
and do hereby grant the same, subject to the following limitations and  
conditions:

This permit is issued subject to all existing rights on  
the source. It is understood that the water right must allow for a  
reasonable lowering of the static water level at permittees well due  
to other ground water development in the area. A substantial weir  
or other type of measuring device must be installed and measurements  
of water use kept. The State retains the right to regulate the use  
of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount  
which can be applied to beneficial use, and not to exceed 1.6  
cubic feet per second.

Actual construction work shall begin on or before May 13, 1950

Proof of commencement of work shall be filed before June 13, 1950

Work must be prosecuted with reasonable diligence and be completed on or  
before May 13, 1951

Proof of completion of work shall be filed before June 13, 1951

Application of water to beneficial use shall be made on or before

May 13, 1953

Proof of the application of water to beneficial  
use must be filed with State Engineer on or before June 13, 1953
